

Betashares Global Sustainability Leaders Fund (NZD Hedged)

31 March 2025

Objective

The Fund aims to track the performance of an index (before fees and expenses) that includes a portfolio of large global stocks identified as 'Climate Leaders' that have also passed screens to exclude companies with direct or significant exposure to fossil fuels or engaged in activities deemed inconsistent with responsible investment considerations.

The Fund currently gains its exposure via the unhedged Betashares Global Sustainability Leaders Fund, with the currency exposure hedged back to the NZ dollar.

Benefits

A 'true to label' ethical solution

The Fund's investment methodology includes stringent ESG screening combined with positive climate leadership criteria to ensure investors have access to a true to label ethical investment solution for global shares.

Transparent

The Fund's portfolio holdings exposure and net asset value per unit are available daily on our website.

Low cost

The Fund aims to track the performance of an index, so there are no 'active manager' fees.

Currency-hedged

The Fund is currency-hedged to the NZ dollar, which seeks to minimise the effect of currency fluctuations on returns.

Performance

Fund returns are calculated in NZ\$ using net asset value per unit at the start and end of the specified period and do not reflect the brokerage or bid-ask spread that investors may incur when buying and selling units. Returns are after fund management costs, assume reinvestment of any distributions and do not take into account income tax.
