

Betashares Investment Funds

Betashares Global Quality Leaders Fund

Fund update for quarter ending 30 June 2024. This Fund update was first made publicly available on 29 July 2024.

What is the purpose of this update?

This document tells you how the Betashares Global Quality Leaders Fund has performed and what fees were charged. The document will help you to compare the Fund with other funds.

Betashares Capital NZ Limited ('Betashares') prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this Fund

The Fund aims to provide an investment return that tracks the performance of the iSTOXX MUTB Global ex-Australia Quality 150 Leaders Index, before taking into account fees and expenses.

Total value of the Fund	\$6,836,835
The date the Fund started:	29 May 2023

What are the risks of investing?

Risk indicator for the Betashares Global Quality Leaders Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 June 2024. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this Fund.

How has the Fund performed?

	Past year
Annual return (after deductions for charges and tax)	21.91%
Annual return (after deductions for charges but before tax)	23.45%
Market index annual return (reflects no deduction for charges and tax)	23.39%

The market index annual return is based on the annual return of the iSTOXX MUTB Global ex-Australia Quality Leaders 150 Index. Additional information about the market index is available in the 'Statement of Investment Policy and Objectives' document available on the offer register at www.disclose-register.companiesoffice.govt.nz.

What fees are investors charged?

Investors in the Betashares Global Quality Leaders Fund are charged fund charges. In the year to 30 June 2024, these were:

	% of net asset value
Total fund charges	0.49%
Which are made up of:	
Total management and administration charges	0.49%
Including:	
Manager's basic fee	0.49%
Other management and administration charges	0.00%
Total performance-based fees	0.00%
Dollar amount per investor or description of how charge is calculated	
Other charges	Nil

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

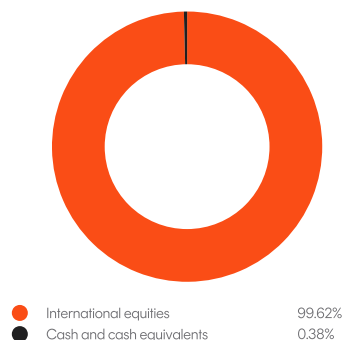

Matthew had \$10,000 in the Fund at the start of the year and did not make any further contributions. At the end of the year, Matthew received a return after fund charges were deducted of \$2,344.61 (that is 23.45% of his initial \$10,000). Matthew also paid \$0 in other charges. This gives Matthew a total return after tax of \$2,190.56 for the year.

¹ Market index returns have been used for the period 1 July 2019 to 28 May 2023 as the Fund was launched on 29 May 2023. The risk indicator reflects the Fund's actual returns for the period 30 May 2023 to 30 June 2024. As a result, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund.
